

Covid-19 Response:

As the Coronavirus (COVID-19) continues to have an increased impact on our communities, we want you to know that providing a clean bakery environment and safe food prepared by healthy team members is always our first priority. We are monitoring the situation closely and are following updates and guidelines provided by the Centers for Disease Control and Prevention (CDC) to help keep you and our employees safe and healthy.

We continue to implement the following ongoing health and safety procedures at our bakery:

- Proper and frequent sanitization of all frequently touched surfaces
- Proper and frequent handwashing using soap and water
- Use of gloves when directly handling food
- Modification of assembly lines to abide by social distancing recommendations
- ANYONE with any signs or symptoms of sickness are prohibited from working

In addition, we are temporarily modifying various baking and assembly procedures to reduce touchpoints and cross-contact to help reassure you that your safety is our top priority.

We will continue monitoring information from public health officials and following the guidelines to help keep our family business clean. Thank you for your ongoing support and loyalty.

Stay Well,
The Brownie Baker Staff
